

Food Zone

By: Ishan Jain, Kevin Choe, and Neeraj Rattehalli

Mission

- 550, 000 homeless people on any given day
- 84.3% of unused food in American restaurants ends up being disposed of, while 14.3% is recycled, and only 1.4% is donated
- This number is extremely low (must be solved)
- By connecting shelters to restaurants with excess food, we will be able to provide thousands of homeless individuals with a meal

App

- Homeless shelters/individuals create an account
- Restaurants also create a client account
- Restaurants can send notifications through the app when they have excess food
- Shelters/individuals can connect with restaurants to obtain this extra food
- Shelters and individuals can connect through our messaging system to connect with restaurants and share processing details.
